# Hello!

*Firstly, thank you for taking the time to look through my catalogue! My name is Jo, and I am the creator and Artist behind Lovely Paper Stuff. I started creating cards back in 2008 whilst I was living in Switzerland, having moved for my Husband's job. I was feeling quite remote and disconnected from my new surroundings - especially as I had never really paid much attention in my German classes at school! (sorry Mrs.*

*Watkins!). I desperately missed my friends and family, and so I started creating little cards that I could send them, which helped me feel more connected with them! This would soon turn into the start of my business journey! However, the timing wasn't to be, since I soon became a mum of a little baby girl, and my priorities and life changed in an instant! Without the support of my close family, I spent a lot of time trying to navigate parenthood in a foreign country and not focusing at all on my creative needs! Fast forward some years and two more babies later (as well as a move BACK to the UK!) - it wasn't long before I picked up my pencils, donned my creative hat and started once again doodling... and thus Lovely Paper Stuff was born! We are all about bright, contrasting colours from every angle (both inside and out!), quality cardstock, sustainability, being a bit different (but in a good way!), and connecting people in so many ways! I love this industry, and I love what I do, which I hope shows when you take a look through the catalogue!*

*You can find our cards stocked in a multitude of wonderful independent shops as well as John Lewis, Waitrose and now Postmark. We hope you might like us in your shop too!*

**- Jo**
